# WHAT MAKES UEA SO SPECIAL?

The University of East Anglia is a publicly funded major UK research and teaching university. It was built to embody a radical new vision for higher education, where interdisciplinarity is crucial and excellence in both research and teaching is valued. UEA consistently ranks within the top quarter of universities in the UK for the quality of research and teaching.

As a major regional employer and cultural centre, we take our regional civic responsibilities very seriously and have kept our sights on the people and place we call home. In fact, we launched our University Civic Charter in October 2023; created from in-depth community engagement, renewing our commitment to the region as part of our 60th anniversary.

There are many things which make UEA special, not least of which is the community of staff and students that work and study here. UEA includes three Nobel prize winners, including Sir Paul Nurse and Sir Michael Houghton, and many fellows of the Royal Society and British Academy amongst our alumni and current staff.

Our campus is home to Sir Denys Lasdun's iconic brutalist architecture set in hundreds of acres of beautiful country park that includes a large broad (lake). In the spirit of Lasdun's ambition to inspire an anatomy of ideas, today, UEA is tackling some of the key challenges of the changing world. UEA's research combines disciplines and breaks new boundaries across its priority

research themes of climate, creative and health.

UEA is the place where global warming was first documented. Since the 1970s, UEA's Climatic Research Unit, and more recently Tyndall Centre for Climate Change (Headquarters hosted at UEA), have played a pivotal role in developing temperature records and climate models, contributing to the understanding of climate change, and informing global policy. Many UEA scientists have played significant roles in the Intergovernmental Panel for Climate Change (IPCC), which was jointly awarded the 2007 Nobel Peace Prize for its efforts to increase public knowledge of anthropogenic climate change. Environmental Science and Global Studies at UEA continue to be a major powerhouse for research and teaching.

UEA is widely regarded as a pioneer in creative writing, having established the UK's first Creative Writing Masters programme in 1970. This renowned programme has since attracted and produced numerous successful writers, including Booker Prize winners such as Ian McEwan and Anne Enright, and Nobel Prize Winner Sir Kazuo Ishiguro. In recent years, UEA academics have played a pivotal role in the discovery and presentation of the Gloucester Royal shipwreck (Norfolk's Mary Rose). Our iconic Sainsbury Centre for Visual Arts is a major museum and arts research facility.

Health research at UEA not only embraces the Faculty of Medicine and Health but draws in research from both social and natural sciences. Research under this theme has made major contributions in the fields of healthy ageing, epidemiology and involving citizens (via our innovative Citizens' Academy) in improving health care outcomes. This theme benefits from close association with the other major research institutes on the Norwich Research Park; notably the Norfolk and Norwich University Hospital and the Quadram Institute. The Norwich Cancer Research Network, and Norfolk Institute for Healthy Ageing, are examples of key mechanisms for delivery of real impact from health research at UEA.

UEA has been a major success over the last 60 years and looks forward with confidence to the next 60 years.

## UEA is part of the Norwich Research Park

Norwich Research Park (NRP) membership locates UEA in one of the largest concentrations of research institutes in the whole of Europe – four independent internationally-renowned research institutes: John Innes Centre, Quadram Institute, Earlham Institute and The Sainsbury Laboratory; with the University of East Anglia and Norfolk and Norwich University Hospitals NHS Foundation Trust, supported and funded by The John Innes Foundation, The Gatsby Foundation, and UKRI Biotechnology and Biological Sciences Research Council.

The NRP provides an ideal environment for collaborative use of infrastructure and facilities, with a single portal for academics and businesses to access the specialist facilities across the Park.

The Enterprise Centre is a regional business, knowledge and innovation hub, with workspace provision and supports over 80 businesses working alongside UEA staff and students in a dynamic and vibrant entrepreneurial community. On the wider NRP, there are dedicated laboratory and office spaces in the Innovation Centre and Centrum hosting over 600 staff within a total of 115 businesses and spinouts.

# THE ROLE

Network for East Anglian Collaborative Outreach (NEACO) is the east region's Uni Connect partnership. Uni connect aims to reduce the gap in higher education participation between the most and least represented groups. We support young people to make well informed decisions about their future education and work in partnership with other organisations to maximise impact.

This post will be based in remotely but will require very frequent travel to schools across the county. Currently the schools are in the north of the county.

The Higher Education Champion (HEC) role focusses on the organisation, administration and delivery of NEACO initiatives. This includes school relationship management, session delivery to school pupils in multiple schools and organising trips to universities.

UEA has a long history of engaging schools in Outreach work to support underrepresented learners and the HEC role adds value to our wider Outreach offer.

## KEY RESPONSIBILITIES

- To work within the UEA Outreach team to inform and advise young people about Higher Education.
- To deliver attainment raising programmes in our target schools.
- To work with staff in target schools to identify students with characteristics underrepresented in higher education and to work with those learners offering impartial information, advice and support to understand their study pathways after school.
- To design and deliver HE-related activities, including workshops, one-to-one support and the development of online resources.
- To ensure efficient organisation and delivery of the programme of activities.
- To enthuse and introduce the concept of higher education to secondary students through a programme of school visits, presentations and involvement in on and off campus activities.
- To design and deliver activities for parents / carers and for staff in schools recognising the key influencing role they have on young people's educational choices.
- To record, monitor and evaluate all activities to set criteria and develop methods to do so appropriately and efficiently. To ensure data is collected and recorded in a timely manner
- Managing budget relating to school activities, ensuring appropriate expenditure, reporting forecasts and actuals and maintaining accurate records
- To represent the team at formal and/or informal meetings (both within and outside the University) convened in relation to outreach activities. This may include travelling and giving presentations on widening participation to colleagues in the educational sector, related organisations and members of the public
- Working alongside the County Co-ordinator and central project management team based at the University of Cambridge to ensure activities are targeted and meet the strategy of the NEACO partnership.
- To help co-ordinate, and support the involvement of internal and external interventions and engagement in school/colleges from third parties and partners
- To ensure compliance with relevant health and safety, dignity at work, equality and diversity, data protection and safeguarding policies and procedures, maintaining confidentiality as required.

## **THE ROLE (CONTINUED)**

### **GENERAL**

- There will be a requirement for all members of the team to be flexible in undertaking additional or alternative duties commensurate with the grade.
- Contribute to the continuous development and implementation of the Admissions, Recruitment and Marketing department.
- Positively support and promote the University's Values in all aspects of work.
- Abide by all University Regulations and Policies relevant to the role.
- The postholder is bound at all times to observe the strict rules of confidentiality applicable to work in Admissions, Recruitment and Marketing department
- The post holder must have access to a vehicle to be able to fulfil the travel requirements of the role.

# ABOUT THE DIVISION

The Admissions, Recruitment and Marketing Department leads UEA's global strategy to recruit and admit students and to promote the University to those students, its alumni and the media and key partners in government, business and the charitable and voluntary sectors.

Admissions, Recruitment and Marketing (ARM) leads on digital-first services that deliver for UEA's stakeholders based on customer need and customer experience, all informed by data, and a constant drive to improve our performance.

We are the guardians and narrators of UEA's unconventionally brilliant brand. We always look to innovate new ways of reaching, engaging, attracting, and building advocacy in our audiences and partners.

We make no apologies for being driven by data or for our audience-focus. Our alumni, current students, future students, staff, and partners aren't standing still. Neither will we. Our mission is to create, break the mould, and get things done in a world that never stands still.

# ABOUT THE DIVISION CONTINUED

Recruitment, Outreach and Public Events engage with prospective UK students to promote the benefits of higher education and studying at UEA as well as delivering public events and academic conferences to promote UEA's world-leading research. The Outreach team work to widen access to higher education for groups under-represented and/or disadvantaged groups.

Admissions admits students to the full range of undergraduate and postgraduate taught courses offered at UEA.

UEA Global leads the University's world-wide marketing and recruitment activity, focusing on promotion of the University, the recruitment of international students, and the development of global partnerships for student mobility, reputation and advocacy. The team also manages UEA student and staff mobility, utilising funding streams, such as the UK Government's Turing scheme.

Content and Communications leads the press, student, alumni, and public relations activity and is responsible for reputation building, brand strategy and stakeholder engagement. We aim to serve our global community by sharing compelling and authentic stories that connect our community and help us to build engagement with our core audiences.

Marketing leads the delivery of multi-channel marketing campaigns to meet the University's reputation and recruitment objectives across Undergraduate, Postgraduate Taught, Postgraduate Research and Influencer audiences. The team manage high quality digital experience across our Website, Portal, Customer Relationship System and third-party websites, ensuring UEA is effectively promoted regionally, nationally and globally.

# OUR VALUES

Shaped by staff, our UEA values represent a core set of standards for how we behave as an employer, drive excellence in teaching, learning and research, and collaborate as an anchor institution in our local community.

From tackling global challenges, striving for student and staff success, and creating a vibrant inclusive environment, our values are what unite us.

- ✦ AMBITION
- ✦ COLLABORATION
- ✦ EMPOWERMENT
- ✦ RESPECT

## OUR VALUES (CONTINUED)

### AMBITION

**We are ambitious for our future success.**

We are forward-thinking and brave in our approach and decisions. We make space for innovation and creativity, seizing opportunities that are responsible and sustainable. We are ambitious for the advancement of education and research.

### COLLABORATION

**We are collaborative in our approach.**

We work together with shared purpose. We build connections, share ideas and develop new networks. We champion our regional, national and global relationships and demonstrate that together we can achieve greater goals and positively influence the world around us.

### EMPOWERMENT

**We empower ourselves and each other.**

We develop ourselves and others, trusting people to make decisions based on their expertise and knowledge. We continually improve systems and processes to support us in working in an agile and efficient way.

### RESPECT

**We respect each other.**

We treat everyone with respect and dignity. We value diversity and foster a community where people can express different thoughts and views. We are open to challenge, so we can learn and improve. We encourage a positive, inclusive environment where everyone has opportunities to fulfil their potential.

# ACCOLADES

- Queen's Anniversary Prizes for Higher and Further Education have been awarded to UEA for international development studies (2009), creative writing (2011) and environmental sciences (2017). Notable alumni include Sir Paul Nurse (1973, Nobel Prize for Medicine 2001), Kazuo Ishiguro (1980, Nobel Prize for Literature 2017), Michael Houghton (1972, Nobel Prize for Medicine 2020) and Sarah Gilbert (1983) who led the Oxford University team to develop a COVID-19 vaccine, approved in 2020.
- Our Doctoral College, established in 2018, hosts six Doctoral Training Partnerships and integrates Faculty and School provision for 1600 Postgraduate Research Students (including those from across the Norwich Research Park), enabling collaboration and innovation.
- We recognise our global impact and were one of the first universities to declare a climate and biodiversity emergency in June 2019. Our sustainable campus, including over 50 acres of environmentally valuable parkland, is constantly evolving with ambitions to be 100% net zero by 2045 or sooner.
- UEA is a University of Sanctuary, an accreditation given to universities that show an ongoing commitment to creating a welcoming culture of inclusivity and awareness.
- UEA was awarded the Silver Athena SWAN Award in 2019, and all our Schools hold awards at Bronze or Silver.

A vibrant place to study, learn and work, UEA is a very special place.

# A SUSTAINABLE UNIVERSITY

At UEA, we are now working to create a university that will be even better in the future, and we are working to achieve net zero carbon by 2045 (or earlier). Our Sustainable Ways vision is one of a resilient university – where consumption is efficient and self-generated energy supports low carbon goals, supported by a vibrant community of world-leading researchers and inspired graduates.

At a basic level, our sustainable development means that we try to balance the ‘three pillars’ of environmental, economic and social elements.

We challenge our environmental impact through on-site energy generation and a district heating and cooling network, reducing our reliance on grid electricity and therefore fossil fuels. We promote and use recycled and ‘eco’ products such as biological cleaning materials. We champion local suppliers and ethical causes, including Fairtrade and vegan products. We seek to ensure value for money in a holistic, whole-life costing sense in our new buildings and procurement contracts.

## OUR INITIATIVES

Central campaigns, such as holiday shut-downs or awareness day events, support a whole-University approach to energy saving and other initiatives.

# OUR CAMPUS

UEA is based on a campus that provides top quality academic, social and cultural facilities to over 17,000 students.

Although located in 320 acres of rolling parkland, virtually no part of the campus is more than a few minutes' walk from anywhere else, so everything is close at hand – the library, nursery, health centre, supermarket (incorporating a post office), banking facilities and restaurants. Amongst the striking buildings is the UEA's Sainsbury Centre for Visual Arts, which contains the Robert and Lisa Sainsbury Collection – one of the greatest art collections formed in Europe during the 20th Century.

The University has invested in new learning and teaching and research spaces, including a celebrated new Enterprise Centre that underpins its commitment to promoting student enterprise and entrepreneurship.

Sport and Recreation plays a major part in the life of the University of East Anglia, centred around the major Sportspark facility which is one of the most successful community sport facilities in the UK. This accessible and affordable facility provides a diverse range of activities, and incorporates a 50m Olympic size swimming pool, indoor climbing wall, coaching resource centre and sports injury clinic.

# NORWICH

## A CITY OF STORIES

The city's motto is 'A fine city' and its strong cultural heritage has seen Norwich maintain the best of its historical character whilst developing to become one of the most vibrant and attractive cities in Europe. Norwich offers miles of riverside walks and cycle ways, and a unique collection of 1930's parks. The city is surrounded by beautiful countryside and within easy reach of the stunning Norfolk coast.

Norwich is a UNESCO World city of Literature, the first in the UK, as well as being one of the newly named Tech Cities recognising the growth of digital businesses in the region. The most prominent high-rise building, apart from the castle, is the magnificent 11th century cathedral, which still dominates the skyline. The city's medieval centre of cobbled streets remains largely intact, but there is still space for modern buildings such as the city's centrepiece, the Forum, which is a striking piece of contemporary architecture. The glass front overlooks the colourful open-air market (one of the largest in the country) and reflects the city in all its diversity.

The city is consistently rated as one of the top ten shopping venues in the UK. Norfolk and Suffolk attract thousands of visitors each summer. The famous Norfolk Broads are among the most important wetlands in Europe and a haven for rare plants, wildlife and insects. The Broads attract holidaymakers who come to navigate the intricate natural network of waterways formed by the Rivers Bure, Yare and Waveney and their tributaries.

For further information about UEA's excellent facilities, staff benefits, picturesque campus and the UEA working environment, please visit the 'Careers at UEA' microsite <https://www.uea.ac.uk/about/working-at-uea>. Additional information about living and working in the city of Norwich can be found at <https://www.workinnorwich.co.uk/>

*If there is another city in the United Kingdom with a school of painters named after it, a matchless modern art gallery, a university with a reputation for literary excellence which can boast Booker Prize-winning alumni, one of the grandest Romanesque cathedrals in the world, an extraordinary new state-of-the-art public library then I have yet to hear of it. Norwich is a fine city. None finer.*

# LOCATION

Some cities you've heard of, others you have to discover.

Norwich is one of the most beautiful, modern historic cities in Britain. It's a city that celebrates the independent, stimulates creativity, promotes change and encourages diversity.

UEA is a campus university located 3 miles from the centre of Norwich. Situated in the heart of Norfolk, which means it's an ideal location to explore Norwich and beyond.
