WHAT MAKES UEA SO SPECIAL?

The University of East Anglia is a publicly funded major UK research and teaching university. It was built to embody a radical new vision for higher education, where interdisciplinarity is crucial and excellence in both research and teaching is valued. UEA consistently ranks within the top quarter of universities in the UK for the quality of research and teaching.

As a major regional employer and cultural centre, we take our regional civic responsibilities very seriously and have kept our sights on the people and place we call home. In fact, we launched our University Civic Charter in October 2023; created from in-depth community engagement, renewing our commitment to the region as part of our 60th anniversary.

There are many things which make UEA special, not least of which is the community of staff and students that work and study here. UEA includes three Nobel prize winners, including Sir Paul Nurse and Sir Michael Houghton, and many fellows of the Royal Society and British Academy amongst our alumni and current staff.

Our campus is home to Sir Denys Lasdun's iconic brutalist architecture set in hundreds of acres of beautiful country park that includes a large broad (lake). In the spirit of Lasdun's ambition to inspire an anatomy of ideas, today, UEA is tackling some of the key challenges of the changing world. UEA's research combines disciplines

and breaks new boundaries across its priority research themes of climate, creative and health.

UEA is the place where global warming was first documented. Since the 1970s, UEA's Climatic Research Unit, and more recently Tyndall Centre for Climate Change (Headquarters hosted at UEA), have played a pivotal role in developing temperature records and climate models, contributing to the understanding of climate change, and informing global policy. Many UEA scientists have played significant roles in the Intergovernmental Panel for Climate Change (IPCC), which was jointly awarded the 2007 Nobel Peace Prize for its efforts to increase public knowledge of anthropogenic climate change. Environmental Science and Global Studies at UEA continue to be a major powerhouse for research and teaching.

UEA is widely regarded as a pioneer in creative writing, having established the UK's first Creative Writing Masters programme in 1970. This renowned programme has since attracted and produced numerous successful writers, including Booker Prize winners such as Ian McEwan and Anne Enright, and Nobel Prize Winner Sir Kazuo Ishiguro. In recent years, UEA academics have played a pivotal role in the discovery and presentation of the Gloucester Royal shipwreck (Norfolk's Mary Rose). Our iconic Sainsbury Centre for Visual Arts is a major museum and arts research facility.

Health research at UEA not only embraces the Faculty of Medicine and Health but draws in research from both social and natural sciences. Research under this theme has made major contributions in the fields of healthy ageing, epidemiology and involving citizens (via our innovative Citizens' Academy) in improving health care outcomes. This theme benefits from close association with the other major research institutes on the Norwich Research Park; notably the Norfolk and Norwich University Hospital and the Quadram Institute. The Norwich Cancer Research Network, and Norfolk Institute for Healthy Ageing, are examples of key mechanisms for delivery of real impact from health research at UEA.

UEA has been a major success over the last 60 years and looks forward with confidence to the next 60 years.

For an informal discussion about the post please contact Dr James Desborough via j.desborough@uea.ac.uk.

UEA is part of the Norwich Research Park

Norwich Research Park (NRP) membership locates UEA in one of the largest concentrations of research institutes in the whole of Europe – four independent internationally-renowned research institutes: John Innes Centre, Quadram Institute, Earlham Institute and The Sainsbury Laboratory; with the University of East Anglia and Norfolk and Norwich University Hospitals NHS Foundation Trust, supported and funded by The John Innes Foundation, The Gatsby Foundation, and UKRI Biotechnology and Biological Sciences Research Council.

The NRP provides an ideal environment for collaborative use of infrastructure and facilities, with a single portal for academics and businesses to access the specialist facilities across the Park.

The Enterprise Centre is a regional business, knowledge and innovation hub, with workspace provision and supports over 80 businesses working alongside UEA staff and students in a dynamic and vibrant entrepreneurial community. On the wider NRP, there are dedicated laboratory and office spaces in the Innovation Centre and Centrum hosting over 600 staff within a total of 115 businesses and spinouts.

THE ROLE

Based in the School of Chemistry, Pharmacy and Pharmacology at the University of East Anglia (UEA) the post holder will contribute to the delivery of teaching our undergraduate Master of Pharmacy (MPharm) programme helping to develop and deliver experiential learning and placements with external partners. The post will have a teaching and scholarship focus and will be expected to share best practice and innovations external to the University. If required, the successful candidate will be supported to complete a Post Graduate Certificate in Higher Education and gain Fellowship status of the Higher Education Academy.

KEY RESPONSIBILITIES

TEACHING AND LEARNING

- Contribute to the design, implementation, evaluation and accreditation of courses including continuous development and modernisation.
- Contribute to the design, implementation and ongoing delivery of experiential learning and placements with both internal and external stakeholders
- Plan, deliver and assess innovative and appropriate teaching activities that create interest and enthusiasm for students in subjects allied to pharmacy and healthcare education.
- Implement and evaluate assessment tools and criteria for relevant courses.
- Mark assessments, ensuring adequate moderation, providing written and oral feedback as appropriate.
- Supervise the work of students, identify their learning needs, and define appropriate learning objectives including undergraduate and postgraduate level student projects as required.

- Provide advice on study skills and support students with additional learning needs.

SCHOLARSHIP

- Contribute to the development of an innovative curriculum, teaching and assessment in collaboration with the wider academic team.
- Engage proactively in ongoing professional development in line with the demands of the role, including undertaking relevant training and development activities to develop themselves and support the development of others.
- Contribute to and lead external income generation, international activities and developments within the School/Faculty or University.
- Build national/international reputation in the teaching and assessment of healthcare education.

TEAMWORKING

- Collaborate with colleagues to identify and respond to student and staff needs.
- Balance the competing pressures of teaching, scholarship, administration and leadership demands and deadlines.
- Attend and contribute to relevant meetings.
- Be involved in professional, teaching and learning networks within and outside the School/University.

THE ROLE (CONTINUED)

MANAGEMENT AND ADMINISTRATION

- Provide a pastoral role, giving first line support, advice and signposting to students on academic and personal matters, which may involve visiting students on placement.
- Contribute to recruitment, outreach and/or widening participation activity within the School/Faculty or University.
- To undertake academic administration in line with the needs of the programmes, School or University.
- Carry out other duties within the scope, spirit and purpose of the job as requested by the Line Manager, Head of School or another appropriate colleague.

OTHER

- Act as a role model to others in all respects of their work and Demonstrate UEA's Values and behaviours in day-to-day work and support a team culture that reflects them.
- Maintain professional registration as a UK healthcare professional and adhere to those professional standards.
- Be responsible for the safe conduct of work, and work within your area and teaching responsibilities whilst complying with the University Safety regulations.
- Work within UEA's policies and procedures.

THE PERSON

EDUCATION AND QUALIFICATIONS

- Professional qualification in an appropriate area (E)
- Registered as a Pharmacy Professional with the (General Pharmaceutical Council) GPhC (E)
- PhD in a relevant subject (D)
- Annotated as an independent prescriber on a relevant professional register (D)
- Higher education teaching qualification or professional recognition (e.g., PGCert, FHEA or equivalent) (D)

EXPERIENCE

- Teaching experience and evidence of the ability to enthuse, motivate and encourage student learning and good pedagogic practice using a variety of learning and teaching methods (E)
- Evidence of designing and delivering learning in the workplace for trainee healthcare professionals (E)
- Experience of building positive relationships with external stakeholders (E)
- Experience of teaching in higher education (D)
- Experience of interprofessional education (D)

- Experience of simulation-based education (D)
- Experience of presenting innovations or research at national or international conferences (D)

SKILLS AND KNOWLEDGE

- Ability to support the learning needs of students from diverse backgrounds with different needs and of contributing to the learning and development of students in academia or workplace settings (E)
- An understanding of the key policy drivers in UK Pharmacy education (E)
- Ability to contribute to research and / or to the creation of external income generating activities (D)
- Ability to lead, influence and drive change (D)

PERSONAL EFFECTIVENESS

- Ability to manage deadlines and competing priorities (E)
- Able to present complex information verbally and in writing in accordance with the needs of the audience using appropriate Information and communication technology (ICT) (E)
- Effective organisational, team working and interpersonal skills alongside a willingness to contribute to the wider operation of the School (E)
- Demonstrate UEA's Values and behaviours in day-to-day work and support a team culture that reflects them (E)
- Ability to build partnerships with external stakeholders (D)

Essential Requirements (E) are those, without which, a candidate would not be able to do the job.

Desirable Requirements (D) are those which would be useful for the post holder to possess and will be considered when more than one applicant meets the essential requirements.

FURTHER INFORMATION

This full-time post is available from 1 August 2026 on an indefinite basis.

Salary will be £48,822 to £56,535 per annum on Grade 8 on the single salary spine.

Relocation expenses are reimbursable under certain conditions.

Place of Work - The University is strongly committed to providing an excellent student experience and research environment, and it is expected that all staff will be available on campus to carry out their duties during their working week in support of these goals. We have a hybrid-working policy which supports a mix of at home and on campus 'hybrid' working for many roles. For the majority of hybrid roles, the expectation is a minimum of 60% of working time will be spent physically present in the workplace.

The flexibility of the hybrid-working policy allows the possibility of some remote working, but it is the expectation that all appointments will be UK based, with any overseas working agreed in advance by exception only.

If successful you will be asked to show evidence of right to work in the UK prior to any formal offer being made. Non-British and non-Irish nationals entering the UK to undertake employment or who are currently in the UK will have to meet eligibility criteria under the points-based immigration system. The University may be able to provide sponsorship under the Skilled Worker route if relevant criteria are met. Please note, due to the complexities of the immigration system, Skilled Worker visa sponsorship is not guaranteed for every role. If you would like further information about whether this role is eligible for visa sponsorship, please contact staff.visacompliance@uea.ac.uk

The post is superannuable under the Universities Superannuation Scheme and there is an annual leave entitlement of 30 days plus statutory (8 days) and customary (6 days) holidays. The University is committed to creating an environment where the health, welfare and safety of all students and staff is of paramount importance. The University's Safeguarding Policy addresses both child protection and safeguarding children, young people and vulnerable adults within the work of the University. Appointment will be subject to

satisfactory pre-employment checks, which may include an Occupational Health assessment and a criminal record check at Enhanced level from the Disclosure and Barring Service (which you will be required to pay for). For roles based within an Educational setting, Enhanced checks will be carried out every 3 years at the cost of the University. It is an offence to apply for the role if you are barred from engaging in regulated activity relevant to children.

Information on the benefits of working at UEA can be found at <https://www.uea.ac.uk/about/working-at-uea>.

If you require the information contained within this candidate brochure in a different format please email staff.recruitment@uea.ac.uk

HOW TO APPLY

To apply for this vacancy, please follow the online instructions at: <https://vacancies.uea.ac.uk>

The closing date for this role is 11:59pm on **24 February 2026**.

Please note that the application form contains an Equal Opportunities section which must be completed. The Equal Opportunities information will not be made available to the selection panel and will not form any part of either the short-listing or decision making process.

It is anticipated that presentations and interviews will take place on **13 March 2026** and we will inform you of the outcome of your application prior to this date.

Reasonable travel and incidental expenses incurred in attending the interview will be reimbursed (please ensure that you keep all receipts). Please note that if you are offered a post and decline the offer, travel and incidental expenses will not be reimbursed.

ABOUT THE SCHOOL

The School

Head of School: Professor Anja Mueller

The School of Chemistry, Pharmacy and Pharmacology (CPP) is newly configured school consisting of the previous independent School of Chemistry and School of Pharmacy. The School is a dynamic department engaged in high quality teaching and research. We have developed an extraordinary reputation for first-class teaching and globally important research and consistently features in the top ten of all major UK University league tables. Our graduates have gone on to secure some of the most prestigious and competitive positions available within the Pharmacy profession, demonstrating the success of our unique approach. Chemistry Excellence is recognised in recent League table positions, including 7th in the Times/Sunday Times Table 2021 and 6th in the Complete University Guide 2022 and Pharmacy has enjoyed great success in the National Student Survey (NSS), as well as both 2014's and 2021's Research Excellence Framework (REF).

Research and Innovation

In the 2021 Research Excellence Framework (REF), all of Chemistry impact was rated as 'world-leading' or 'internationally excellent', and our Pharmacy research environment ranked as 100% 'world-leading' or 'internationally excellent'. Research is

pursued across four principal themes: Life Sciences, Synthetic and Medicinal Chemistry, Physical and Pharmaceutical Sciences and Educational research.

Innovations in drug delivery, the therapeutic treatment of cancer and inflammation and the development and evaluations of new health services are particular strengths.

Teaching

In the National Student Survey 2020, Chemistry achieved an overall satisfaction rating of 100% (ranked #1 in the UK), offering both 3-year BSc and 4-year MChem degree programmes, the latter including Year Abroad or In Industry variants. All chemistry degrees are accredited by the Royal Society of Chemistry (RSC). Pharmacy has achieved five #1 rankings in the NSS since our foundation. Pharmacy also additionally offers:

- BSc Pharmacology and Drug Discovery degree.
- Newly Qualified Pharmacists Training Programme with Independent Prescribing (NQP-IP)
- Pharmacy Technician Programme and CPD courses.
- Pharmacist Independent Prescribing course.

ABOUT THE FACULTY

The Faculty of Science is home to a vibrant community of students, staff, and visitors. Our lively environment allows high quality, innovative research across a broad spectrum of themes. This vibrant culture provides a base for our research-led teaching and underpins all our activities from influence of government policy to presentations at local schools.

Our five Schools of Study engage in world leading research. You can find out more about the courses taught and activities taking place in our Schools on our Faculty [information pages](#).

- School of Biological Sciences
- School of Computing Sciences
- School of Chemistry, Pharmacy and Pharmacology
- School of Engineering, Mathematics and Physics
- School of Environmental Sciences

Our Schools are bolstered by degree courses in Actuarial Science, Natural Sciences, Physics and Geography.

"The UEA 'Do Different' ethos is central to Science and Engineering at UEA, which provides a dynamic and inclusive environment for teaching, research, innovation, and application. We are open to new faculty members who can complement and extend our interdisciplinary portfolio."

Professor Robert Field

Pro-Vice Chancellor Science

OUR VALUES

Shaped by staff, our UEA values represent a core set of standards for how we behave as an employer, drive excellence in teaching, learning and research, and collaborate as an anchor institution in our local community.

From tackling global challenges, striving for student and staff success, and creating a vibrant inclusive environment, our values are what unite us.

- ★ AMBITION
- ★ COLLABORATION
- ★ EMPOWERMENT
- ★ RESPECT

OUR VALUES (CONTINUED)

AMBITION

We are ambitious for our future success.

We are forward-thinking and brave in our approach and decisions. We make space for innovation and creativity, seizing opportunities that are responsible and sustainable. We are ambitious for the advancement of education and research.

COLLABORATION

We are collaborative in our approach.

We work together with shared purpose. We build connections, share ideas and develop new networks. We champion our regional, national and global relationships and demonstrate that together we can achieve greater goals and positively influence the world around us.

EMPOWERMENT

We empower ourselves and each other.

We develop ourselves and others, trusting people to make decisions based on their expertise and knowledge. We continually improve systems and processes to support us in working in an agile and efficient way.

RESPECT

We respect each other.

We treat everyone with respect and dignity. We value diversity and foster a community where people can express different thoughts and views. We are open to challenge, so we can learn and improve. We encourage a positive, inclusive environment where everyone has opportunities to fulfil their potential.

ACCOLADES

- Queen's Anniversary Prizes for Higher and Further Education have been awarded to UEA for international development studies (2009), creative writing (2011) and environmental sciences (2017). Notable alumni include Sir Paul Nurse (1973, Nobel Prize for Medicine 2001), Sir Kazuo Ishiguro (1980, Nobel Prize for Literature 2017), Sir Michael Houghton (1972, Nobel Prize for Medicine 2020) and Sarah Gilbert (1983) who led the Oxford University team to develop a COVID-19 vaccine, approved in 2020.
- Our Doctoral College, established in 2018, hosts six Doctoral Training Partnerships and integrates Faculty and School provision for 1600 Postgraduate Research Students (including those from across the Norwich Research Park), enabling collaboration and innovation.
- We recognise our global impact and were one of the first universities to declare a climate and biodiversity emergency in June 2019. Our sustainable campus, including over 50 acres of environmentally valuable parkland, is constantly evolving with ambitions to be 100% net zero by 2045 or sooner.
- UEA is a University of Sanctuary, an accreditation given to universities that show an ongoing commitment to creating a welcoming culture of inclusivity and awareness.
- UEA was awarded the Silver Athena SWAN Award in 2019, and all our Schools hold awards at Bronze or Silver.

A vibrant place to study, learn and work, UEA is a very special place.

A SUSTAINABLE UNIVERSITY

At UEA, we are now working to create a university that will be even better in the future, and we are working to achieve net zero carbon by 2045 (or earlier). Our Sustainable Ways vision is one of a resilient university – where consumption is efficient and self-generated energy supports low carbon goals, supported by a vibrant community of world-leading researchers and inspired graduates.

At a basic level, our sustainable development means that we try to balance the 'three pillars' of environmental, economic and social elements.

We challenge our environmental impact through on-site energy generation and a district heating and cooling network, reducing our reliance on grid electricity and therefore fossil fuels. We promote and use recycled and 'eco' products such as biological cleaning materials. We champion local suppliers and ethical causes, including Fairtrade and vegan products. We seek to ensure value for money in a holistic, whole-life costing sense in our new buildings and procurement contracts.

OUR INITIATIVES

Central campaigns, such as holiday shut-downs or awareness day events, support a whole-University approach to energy saving and other initiatives.

Follow us on X [@SustainableUEA](https://twitter.com/SustainableUEA)

OUR CAMPUS

UEA is based on a campus that provides top quality academic, social and cultural facilities to over 17,000 students.

Although located in 320 acres of rolling parkland, virtually no part of the campus is more than a few minutes' walk from anywhere else, so everything is close at hand – the library, nursery, health centre, supermarket (incorporating a post office) and restaurants. Amongst the striking buildings is the UEA's Sainsbury Centre for Visual Arts, which contains the Robert and Lisa Sainsbury Collection – one of the greatest art collections formed in Europe during the 20th Century.

The University has invested in new learning and teaching and research spaces, including a celebrated new Enterprise Centre that underpins its commitment to promoting student enterprise and entrepreneurship.

Sport and Recreation plays a major part in the life of the University of East Anglia, centred around the major Sportspark facility which is one of the most successful community sport facilities in the UK. This accessible and affordable facility provides a diverse range of activities, and incorporates a 50m Olympic size swimming pool, indoor climbing wall, coaching resource centre and sports injury clinic.

NORWICH

A CITY OF STORIES

The city's motto is 'A fine city' and its strong cultural heritage has seen Norwich maintain the best of its historical character whilst developing to become one of the most vibrant and attractive cities in Europe. Norwich offers miles of riverside walks and cycle ways, and a unique collection of 1930s parks. The city is surrounded by beautiful countryside and within easy reach of the stunning Norfolk coast.

Norwich is a UNESCO World city of Literature, the first in the UK, as well as being one of the newly named Tech Cities recognising the growth of digital businesses in the region. The most prominent high-rise building, apart from the castle, is the magnificent 11th century cathedral, which still dominates the skyline. The city's medieval centre of cobbled streets remains largely intact, but there is still space for modern buildings such as the city's centrepiece, the Forum, which is a striking piece of contemporary architecture. The glass front overlooks the colourful open-air market (one of the largest in the country) and reflects the city in all its diversity.

The city is consistently rated as one of the top ten shopping venues in the UK. Norfolk and Suffolk attract thousands of visitors each summer. The famous Norfolk Broads are among the most important wetlands in Europe and a haven for rare plants, wildlife and insects. The Broads attract holidaymakers who come to navigate the intricate natural network of waterways formed by the Rivers Bure, Yare and Waveney and their tributaries.

For further information about UEA's excellent facilities, staff benefits, picturesque campus and the UEA working environment, please visit the 'Careers at UEA' microsite <https://www.uea.ac.uk/about/working-at-uea>. Additional information about living and working in the city of Norwich can be found at <https://www.workinnorwich.co.uk/>

If there is another city in the United Kingdom with a school of painters named after it, a matchless modern art gallery, a university with a reputation for literary excellence which can boast Booker Prize-winning alumni, one of the grandest Romanesque cathedrals in the world, an extraordinary new state-of-the-art public library then I have yet to hear of it. Norwich is a fine city. None finer.

STEPHEN FRY

LOCATION

Some cities you've heard of, others you have to discover. Norwich is one of the most beautiful, modern historic cities in Britain. It's a city that celebrates the independent, stimulates creativity, promotes change and encourages diversity.

UEA is a campus university located 3 miles from the centre of Norwich. Situated in the heart of Norfolk, which means it's an ideal location to explore Norwich and beyond.
