WHAT MAKES UEA SO SPECIAL?

The University of East Anglia is a publicly funded major UK research and teaching university. It was built to embody a radical new vision for higher education, where interdisciplinarity is crucial and excellence in both research and teaching is valued. UEA consistently ranks within the top quarter of universities in the UK for the quality of research and teaching.

As a major regional employer and cultural centre, we take our regional civic responsibilities very seriously and have kept our sights on the people and place we call home. In fact, we launched our University Civic Charter in October 2023; created from in-depth community engagement, renewing our commitment to the region as part of our 60th anniversary.

There are many things which make UEA special, not least of which is the community of staff and students that work and study here. UEA includes three Nobel prize winners, including Sir Paul Nurse and Sir Michael Houghton, and many fellows of the Royal Society and British Academy amongst our alumni and current staff.

Our campus is home to Sir Denys Lasdun's iconic brutalist architecture set in hundreds of acres of beautiful country park that includes a large broad (lake). In the spirit of Lasdun's ambition to inspire an anatomy of ideas, today, UEA is tackling some of the key challenges of the changing world. UEA's research combines disciplines and breaks new boundaries across its priority

research themes of climate, creative and health.

UEA is the place where global warming was first documented. Since the 1970s, UEA's Climatic Research Unit, and more recently Tyndall Centre for Climate Change (Headquarters hosted at UEA), have played a pivotal role in developing temperature records and climate models, contributing to the understanding of climate change, and informing global policy. Many UEA scientists, including Professors Corinne Le Quere, Rachel Warren, Robert Nicholls and Timothy Osborn, have played significant roles in the Intergovernmental Panel for Climate Change (IPCC), which was jointly awarded the 2007 Nobel Peace Prize for its efforts to increase public knowledge of anthropogenic climate change. Environmental Science and Global Studies at UEA continue to be a major powerhouse for research and teaching.

UEA is widely regarded as a pioneer in creative writing, having established the UK's first Creative Writing Masters programme in 1970. This renowned programme has since attracted and produced numerous successful writers, including Booker Prize winners such as Ian McEwan and Anne Enright, and Nobel Prize Winner Kazuo Ishiguro. In recent years, UEA academics have played a pivotal role in the discovery and presentation of the Gloucester Royal shipwreck (Norfolk's Mary Rose). Our iconic Sainsbury Centre for Visual Arts is a major museum and arts research facility.

Health research at UEA not only embraces the Faculty of Medicine and Health but draws in research from both social and natural sciences. Research under this theme has made major contributions in the fields of healthy ageing, epidemiology and involving citizens (via our innovative Citizens' Academy) in improving health care outcomes. This theme benefits from close association with the other major research institutes on the Norwich Research Park; notably the Norfolk and Norwich University Hospital and the Quadram Institute. The Norwich Cancer Research Network, and Norfolk Institute for Healthy Ageing, are examples of key mechanisms for delivery of real impact from health research at UEA.

UEA has been a major success over the last 60 years and looks forward with confidence to the next 60 years.

For an informal discussion about the post please contact Julie Schofield, Associate Director Business Partnerships via Jennie Waddington, Executive Assistant, jennie.waddington@uea.ac.uk.

UEA is part of the Norwich Research Park

Norwich Research Park (NRP) membership locates UEA in one of the largest concentrations of research institutes in the whole of Europe – four independent internationally-renowned research institutes: John Innes Centre, Quadram Institute, Earlham Institute and The Sainsbury Laboratory; with the University of East Anglia and Norfolk and Norwich University Hospitals NHS Foundation Trust, supported and funded by The John Innes Foundation, The Gatsby Foundation, and UKRI Biotechnology and Biological Sciences Research Council.

The NRP provides an ideal environment for collaborative use of infrastructure and facilities, with a single portal for academics and businesses to access the specialist facilities across the Park.

The Enterprise Centre is a regional business, knowledge and innovation hub, with workspace provision and supports over 80 businesses working alongside UEA staff and students in a dynamic and vibrant entrepreneurial community. On the wider NRP, there are dedicated laboratory and office spaces in the Innovation Centre and Centrum hosting over 600 staff within a total of 115 businesses and spinouts.

OUR BENEFITS

UEA offers a fantastic benefits package for staff. We recognise all our staff have different priorities and lifestyles so we are continually reviewing our offering to ensure there are benefits which suit everyone. Current benefits include:

Competitive
Rates of Pay

30 Days
Holiday
(pro rata)

14 Additional
Statutory and
Customary days

Contributory
Pension

Staff
Development

Sportspark
Discount

THE ROLE

Role Function/Purpose:

To fulfil the role of promoting knowledge exchange and service provision from the world-class research, services, and expertise of UEA to external organisations of all kinds, in line with the University's Research & Innovation Strategy. The objective will be to strengthen existing and establish new relationships outside the HE Sector to increase the levels of knowledge exchange, generation of impact, licensing, consultancy, graduate careers, and funded research. You will raise the awareness of knowledge exchange, innovation, and engagement opportunities amongst organisations and broker/support collaborations as appropriate, working with relevant external bodies, UEA academics and other RIN staff. You will also be expected to identify and represent the UEA on various external bodies and related groups and support regional civic activities as appropriate.

KEY RESPONSIBILITIES

- Analyse and engage with UEA's academic and professional community on the development of its offering to prospective private, public, and not-for-profit partners relevant to the discipline.
- You will support, where appropriate, the university's REF activity through the generation of impact working closely with UEA's academic and professional community. Understanding the requirements for case studies and supporting the development of world-class submissions.
- You will support the university's Knowledge Exchange Framework (KEF) performance through actively identifying, defining, and delivering business

opportunities for UEA amongst prospective partners by, for example:

- Proactively contacting organisations to build a pipeline of targeted partners, seeking partnerships with Industry, and identifying funding opportunities to support delivery of the University Research & Innovation Strategy.
- Matching University know-how, technology, staff, students, and other assets to identified external needs; working closely with the relevant Associate Dean's for Innovation and building upon other relationship development services at, and associated with, UEA and colleagues across RID (Research & Innovation Division), the Careers Service and ARM (Admissions, Recruitment and Marketing).
- Identifying, arranging, and producing regular events for key UEA audiences and stakeholders to build the partnership pipeline and showcase examples of innovation opportunities and knowledge exchange.
- Attending appropriate events to promote UEA, establish links for new contacts and reinforce existing relationships.
- Work closely with and supporting the objectives of the university strategic interdisciplinary themes – ClimateUEA, CreativeUEA and HealthUEA.
- Develop and maintain a comprehensive overview of business support networks, funding opportunities and sponsorship relevant in support of UEA's delivery of teaching, research, and innovation, and in the support of impact development.
- Write/support funding applications and business plans and, where appropriate, support/be directly involved in management and delivery, for example, project board membership.

THE ROLE (CONTINUED)

- To keep abreast of the external environment, news, and developments of UEA relevant sectors, both regionally and nationally.
- To provide a point of contact to key identified strategic partners to assist in any of their interactions with UEA.
- Work to and report on performance targets agreed with the Associate Director – Business Partnerships.
- To undertake additional tasks and responsibilities as may be required from time to time.

In undertaking these duties, the Relationship Manager is expected to develop an appreciation of both the academic discipline, ethos, and culture in areas across the university and the requirements of external organisations active. You will also be expected to work very closely with the Associate Deans for Innovation, Research and Innovation Managers, Relationship Managers, Impact Team, Project Officers, Intellectual Property Managers, and marketing staff in supporting proposals and projects.

THE PERSON

EDUCATION, EXPERIENCE AND ACHIEVEMENTS

- Relevant degree or equivalent substantial experience in the Business, Creative or Digital sector (E)
- Substantial recent experience of working in a similar or transferable role (E)
- Established links and proven working knowledge of the Business, Creative or Digital sectors (E)
- Track record of successful relationship development with private and/or public sector partners in the context of knowledge exchange (E)
- Experience of bidding for Innovate UK funding e.g. Knowledge Transfer Partnerships (D)
- Substantial experience of the development and improvement of services (D)
- Experience of working in or with the higher education sector (D)

SKILLS AND KNOWLEDGE

- Excellent written/verbal communication skills with the ability to influence and persuade (E)
- Conversant with the needs and technicalities of one or more of the Business, Creative or Digital sectors (E)
- Knowledge and understanding of innovation and knowledge exchange/impact in the HE environment (E)
- Good negotiation and presentation skills
- Competent in the use of MS Office packages, corporate systems and databases (E)
- Knowledge and application of project management skills within the context of partnership development (E)
- Skilled at developing, maintaining and influencing internal and external networks, for the benefit of organisational aims (E)
- Demonstrable organisation skills (E)
- Demonstrable experience of developing successful business plans/funding applications (E)

PERSONAL ATTRIBUTES

- Due to the nature of the role, as some of the role holders time will be spent off campus liaising with companies. Travel and occasional weekend/evening working will be required (E)
- Full UK driving licence (reasonable adjustments will be considered in line with the Equality Act 2010) (E)
- Ability to work sensitively with different people's needs (E)
- A keen interest in issues affecting higher education (E)
- Willingness to undertake continued professional development and apply skills learnt (E)
- Ability to engage with and maintain credibility with all levels of staff (E)
- Willingness to travel (E)

Essential Requirements (E) are those, without which, a candidate would not be able to do the job.

Desirable Requirements (D) are those which would be useful for the post holder to possess and will be considered when more than one applicant meets the essential requirements.

FURTHER INFORMATION

The post is available from 14 July 2025 on an indefinite part-time (0.6 FTE) basis.

Salary will be £48,149 to £55,755 per annum pro rata on Grade 8 on the single salary spine.

Relocation expenses are reimbursable under certain conditions.

Place of Work - The University is strongly committed to providing an excellent student experience and research environment, and it is expected that all staff will be available on campus to carry out their duties during their working week in support of these goals. We have a hybrid-working policy which supports a mix of at home and on campus 'hybrid' working for many roles. For the majority of hybrid roles, the expectation is a minimum of 60% of working time will be spent physically present in the workplace.

The flexibility of the hybrid-working policy allows the possibility of some remote working, but it is the expectation that all appointments will be UK based, with any overseas working agreed in advance by exception only.

If successful you will be asked to show evidence of right to work in the UK prior to any formal offer being made. Non-British and non-Irish nationals entering the UK to undertake employment or who are currently in the UK will have to meet eligibility criteria under the points-based immigration system. The University may be able to provide sponsorship under the Skilled Worker route if relevant criteria are met. Please note, due to the complexities of the immigration system, Skilled Worker visa sponsorship is not guaranteed for every role. If you would like further information about whether this role is eligible for visa sponsorship, please contact staff.visacompliance@uea.ac.uk

The post is superannuable under the Universities Superannuation Scheme and there is an annual holiday entitlement of 30 days plus statutory (8 days) and customary (6 days) holidays, pro rata for part time. The University is

committed to creating an environment where the health, welfare and safety of all students and staff is of paramount importance. The University's Safeguarding Policy addresses both child protection and safeguarding children, young people and vulnerable adults within the work of the University. Appointment will be subject to satisfactory pre-employment checks, which may include an Occupational Health assessment.

Information on the benefits of working at UEA can be found at <https://www.uea.ac.uk/about/working-at-uea>.

If you require the information contained within this candidate brochure in a different format please email staff.recruitment@uea.ac.uk

HOW TO APPLY

To apply for this vacancy, please follow the online instructions at: <https://vacancies.uea.ac.uk/>

The closing date for this role is 11:59pm on **9 June 2025**.

Please note that the application form contains an Equal Opportunities section which must be completed. The Equal Opportunities information will not be made available to the selection panel and will not form any part of either the short-listing or decision making process.

It is anticipated that presentations and interviews will take place on **3 July 2025** and we will inform you of the outcome of your application prior to this date.

Reasonable travel and incidental expenses incurred in attending the interview will be reimbursed (please ensure that you keep all receipts). Please note that if you are offered a post and decline the offer, travel and incidental expenses will not be reimbursed.

ABOUT THE DIVISION

The Research and Innovation Division (RIN) incorporates two service teams:

- Research and Innovation Services
- Postgraduate Research Service

RIN is responsible for supporting and managing the administration for all research, training and consultancy grant applications and awards and other similar externally-funded grant opportunities.

Research and Innovation Services support the lifecycle of research and innovation activity by:

- Advising and supporting academics in their research and innovation activities
- Supporting research integrity
- Investigating research misconduct
- Managing relationships with a range of funders, partners and organisations
- Supporting the work of the University's Research and Innovation Executives
- Co-ordinating REF and HEIF submissions and associated activity
- Providing management information to support research and innovation
- Managing UEA's Current Research Information System (Pure)
- Linking with external organisations in support of RID/UEA activity

OUR VALUES

Shaped by staff, our UEA values represent a core set of standards for how we behave as an employer, drive excellence in teaching, learning and research, and collaborate as an anchor institution in our local community.

From tackling global challenges, striving for student and staff success, and creating a vibrant inclusive environment, our values are what unite us.

- ✦ AMBITION
- ✦ COLLABORATION
- ✦ EMPOWERMENT
- ✦ RESPECT

OUR VALUES (CONTINUED)

AMBITION

We are ambitious for our future success.

We are forward-thinking and brave in our approach and decisions. We make space for innovation and creativity, seizing opportunities that are responsible and sustainable. We are ambitious for the advancement of education and research.

COLLABORATION

We are collaborative in our approach.

We work together with shared purpose. We build connections, share ideas and develop new networks. We champion our regional, national and global relationships and demonstrate that together we can achieve greater goals and positively influence the world around us.

EMPOWERMENT

We empower ourselves and each other.

We develop ourselves and others, trusting people to make decisions based on their expertise and knowledge. We continually improve systems and processes to support us in working in an agile and efficient way.

RESPECT

We respect each other.

We treat everyone with respect and dignity. We value diversity and foster a community where people can express different thoughts and views. We are open to challenge, so we can learn and improve. We encourage a positive, inclusive environment where everyone has opportunities to fulfil their potential.

ACCOLADES

- Queen's Anniversary Prizes for Higher and Further Education have been awarded to UEA for international development studies (2009), creative writing (2011) and environmental sciences (2017). Notable alumni include Sir Paul Nurse (1973, Nobel Prize for Medicine 2001), Kazuo Ishiguro (1980, Nobel Prize for Literature 2017), Michael Houghton (1972, Nobel Prize for Medicine 2020) and Sarah Gilbert (1983) who led the Oxford University team to develop a COVID-19 vaccine, approved in 2020.
- Our Doctoral College, established in 2018, hosts six Doctoral Training Partnerships and integrates Faculty and School provision for 1600 Postgraduate Research Students (including those from across the Norwich Research Park), enabling collaboration and innovation.
- We recognise our global impact and were one of the first universities to declare a climate and biodiversity emergency in June 2019. Our sustainable campus, including over 50 acres of environmentally valuable parkland, is constantly evolving with ambitions to be 100% net zero by 2045 or sooner.
- UEA is a University of Sanctuary, an accreditation given to universities that show an ongoing commitment to creating a welcoming culture of inclusivity and awareness.
- UEA was awarded the Silver Athena SWAN Award in 2019, and all our Schools hold awards at Bronze or Silver.

A vibrant place to study, learn and work, UEA is a very special place.

A SUSTAINABLE UNIVERSITY

At UEA, we are now working to create a university that will be even better in the future, and we are working to achieve net zero carbon by 2045 (or earlier). Our Sustainable Ways vision is one of a resilient university – where consumption is efficient and self-generated energy supports low carbon goals, supported by a vibrant community of world-leading researchers and inspired graduates.

At a basic level, our sustainable development means that we try to balance the ‘three pillars’ of environmental, economic and social elements.

We challenge our environmental impact through on-site energy generation and a district heating and cooling network, reducing our reliance on grid electricity and therefore fossil fuels. We promote and use recycled and ‘eco’ products such as biological cleaning materials. We champion local suppliers and ethical causes, including Fairtrade and vegan products. We seek to ensure value for money in a holistic, whole-life costing sense in our new buildings and procurement contracts.

OUR INITIATIVES

Central campaigns, such as holiday shut-downs or awareness day events, support a whole-University approach to energy saving and other initiatives.

Follow us on Twitter [@SustainableUEA](https://twitter.com/SustainableUEA)

OUR CAMPUS

UEA is based on a campus that provides top quality academic, social and cultural facilities to over 17,000 students.

Although located in 320 acres of rolling parkland, virtually no part of the campus is more than a few minutes' walk from anywhere else, so everything is close at hand – the library, nursery, health centre, supermarket (incorporating a post office), banking facilities and restaurants. Amongst the striking buildings is the UEA's Sainsbury Centre for Visual Arts, which contains the Robert and Lisa Sainsbury Collection – one of the greatest art collections formed in Europe during the 20th Century.

The University has invested in new learning and teaching and research spaces, including a celebrated new Enterprise Centre that underpins its commitment to promoting student enterprise and entrepreneurship.

Sport and Recreation plays a major part in the life of the University of East Anglia, centred around the major Sportspark facility which is one of the most successful community sport facilities in the UK. This accessible and affordable facility provides a diverse range of activities, and incorporates a 50m Olympic size swimming pool, indoor climbing wall, coaching resource centre and sports injury clinic.

NORWICH

A CITY OF STORIES

The city's motto is 'A fine city' and its strong cultural heritage has seen Norwich maintain the best of its historical character whilst developing to become one of the most vibrant and attractive cities in Europe. Norwich offers miles of riverside walks and cycle ways, and a unique collection of 1930's parks. The city is surrounded by beautiful countryside and within easy reach of the stunning Norfolk coast.

Norwich is a UNESCO World city of Literature, the first in the UK, as well as being one of the newly named Tech Cities recognising the growth of digital businesses in the region. The most prominent high-rise building, apart from the castle, is the magnificent 11th century cathedral, which still dominates the skyline. The city's medieval centre of cobbled streets remains largely intact, but there is still space for modern buildings such as the city's centrepiece, the Forum, which is a striking piece of contemporary architecture. The glass front overlooks the colourful open-air market (one of the largest in the country) and reflects the city in all its diversity.

The city is consistently rated as one of the top ten shopping venues in the UK. Norfolk and Suffolk attract thousands of visitors each summer. The famous Norfolk Broads are among the most important wetlands in Europe and a haven for rare plants, wildlife and insects. The Broads attract holidaymakers who come to navigate the intricate natural network of waterways formed by the Rivers Bure, Yare and Waveney and their tributaries.

For further information about UEA's excellent facilities, staff benefits, picturesque campus and the UEA working environment, please visit the 'Careers at UEA' microsite <https://www.uea.ac.uk/about/working-at-uea>. Additional information about living and working in the city of Norwich can be found at <https://www.workinnorwich.co.uk/>

If there is another city in the United Kingdom with a school of painters named after it, a matchless modern art gallery, a university with a reputation for literary excellence which can boast Booker Prize-winning alumni, one of the grandest Romanesque cathedrals in the world, an extraordinary new state-of-the-art public library then I have yet to hear of it. Norwich is a fine city. None finer.

STEPHEN FRY

LOCATION

Some cities you've heard of, others you have to discover. Norwich is one of the most beautiful, modern historic cities in Britain. It's a city that celebrates the independent, stimulates creativity, promotes change and encourages diversity.

UEA is a campus university located 3 miles from the centre of Norwich. Situated in the heart of Norfolk, which means it's an ideal location to explore Norwich and beyond.
