WHAT MAKES UEA SO SPECIAL?

The University of East Anglia is a publicly funded major UK research and teaching university. It was built to embody a radical new vision for higher education, where interdisciplinarity is crucial and excellence in both research and teaching is valued. UEA consistently ranks within the top quarter of universities in the UK for the quality of research and teaching.

As a major regional employer and cultural centre, we take our regional civic responsibilities very seriously and have kept our sights on the people and place we call home. In fact, we launched our University Civic Charter in October 2023; created from in-depth community engagement, renewing our commitment to the region as part of our 60th anniversary.

There are many things which make UEA special, not least of which is the community of staff and students that work and study here. UEA includes three Nobel prize winners, including Sir Paul Nurse and Sir Michael Houghton, and many fellows of the Royal Society and British Academy amongst our alumni and current staff.

Our campus is home to Sir Denys Lasdun's iconic brutalist architecture set in hundreds of acres of beautiful country park that includes a large broad (lake). In the spirit of Lasdun's ambition to inspire an anatomy of ideas, today, UEA is tackling some of the key challenges of the changing world. UEA's research combines disciplines

and breaks new boundaries across its priority research themes of climate, creative and health.

UEA is the place where global warming was first documented. Since the 1970s, UEA's Climatic Research Unit, and more recently Tyndall Centre for Climate Change (Headquarters hosted at UEA), have played a pivotal role in developing temperature records and climate models, contributing to the understanding of climate change, and informing global policy. Our Professors Corinne Le Quere, Rachel Warren and Robert Nicholls were recipients of Nobel Peace Prize (2007), awarded to Al Gore and the Intergovernmental Panel for Climate Change (IPCC) in recognition of efforts to increase public knowledge of anthropogenic climate change. Environmental Science and Global Studies at UEA continue to be a major powerhouse for research and teaching.

UEA is widely regarded as a pioneer in creative writing, having established the UK's first Creative Writing Masters programme in 1970. This renowned programme has since attracted and produced numerous successful writers, including Booker Prize winners such as Ian McEwan and Anne Enright, and Nobel Prize Winner Kazuo Ishiguro. In recent years, UEA academics have played a pivotal role in the discovery and presentation of the Gloucester Royal shipwreck (Norfolk's Mary Rose). Our iconic Sainsbury Centre for Visual Arts is a major museum and arts research facility.

Health research at UEA not only embraces the Faculty of Medicine and Health but draws in research from both social and natural sciences. Research under this theme has made major contributions in the fields of healthy ageing, epidemiology and involving citizens (via our innovative Citizens' Academy) in improving health care outcomes. This theme benefits from close association with the other major research institutes on the Norwich Research Park; notably the Norfolk and Norwich University Hospital and the Quadram Institute. The Norwich Cancer Research Network, and Norfolk Institute for Healthy Ageing, are examples of key mechanisms for delivery of real impact from health research at UEA.

UEA has been a major success over the last 60 years and looks forward with confidence to the next 60 years.

For an informal discussion about the post please contact Dr Susan Madden, Associate Professor in Medical Education via s.madden@uea.ac.uk.

UEA is part of the Norwich Research Park

Norwich Research Park (NRP) membership locates UEA in one of the largest concentrations of research institutes in the whole of Europe – four independent internationally-renowned research institutes: John Innes Centre, Quadram Institute, Earlham Institute and The Sainsbury Laboratory; with the University of East Anglia and Norfolk and Norwich University Hospitals NHS Foundation Trust, supported and funded by The John Innes Foundation, The Gatsby Foundation, and UKRI Biotechnology and Biological Sciences Research Council.

The NRP provides an ideal environment for collaborative use of infrastructure and facilities, with a single portal for academics and businesses to access the specialist facilities across the Park.

The Enterprise Centre is a regional business, knowledge and innovation hub, with workspace provision and supports over 80 businesses working alongside UEA staff and students in a dynamic and vibrant entrepreneurial community. On the wider NRP, there are dedicated laboratory and office spaces in the Innovation Centre and Centrum hosting over 600 staff within a total of 115 businesses and spinouts.

OUR BENEFITS

UEA offers a fantastic benefits package for staff. We recognise all our staff have different priorities and lifestyles so we are continually reviewing our offering to ensure there are benefits which suit everyone. Current benefits include:

Competitive Rates of Pay

30 Days Holiday

14 Additional Statutory and Customary days

Contributory Pension

Staff Development

Sportspark Discount

Research Support

Health and Wellbeing

Library

Campus Facilities

Care Leave Policies

Sainsbury Centre for Visual Arts

Ofsted Outstanding Nursery

And much more!

Further information can be found on our [Staff Benefits page](#).

THE ROLE

We are seeking a transformative leader to develop and shape the future of our MB BS Medicine degree. The current undergraduate MB BS Medicine was first launched in 2002 and has earned itself a reputation for high quality graduates who are amongst the best prepared for practice in the UK, a clear student-centred experience alongside early patient contact. We are looking for an exceptional leader, with vision and ambition, who will lead and develop our undergraduate MB BS Medicine provision for the future needs of the NHS Long Term Workforce Plan. The individual will work closely with the Norwich Medical School Senior Leadership team and be supported by an experienced team of medical educators to develop the provision for the future.

As Course Director, you will provide leadership and direction to the curriculum design and delivery of the MB BS Medicine degree. Working closely with practice partners, heads of year, head of assessment and module leads, you will lead quality assurance and delivery of the MB BS, ensuring compliance with UEA and GMC regulations. You will work closely with Head of Department of Medical Education, Director of Strategy, Teaching and Learning, and Dean of Medicine to develop the MB BS Medicine degree meets the challenges set out in the Long-Term Workforce Plan whilst ensuring an outstanding student experience and a course that meets demand of the student body.

Additional responsibilities include:

- Clear oversight of course budget and spend, ensuring resources are maximised
- Working with the Head of the Department of Medical Education and the School Manager to oversee course appointments
- Represent the Medical School at appropriate external meetings, including

- Medical Schools Council and Regional Liaison Group
- Work closely with student representative to ensure a clear student voice

The post holder will be a Clinical Associate Professor in Medical Education and hold a GMC License to Practice. We expect the post holder to remain in clinical practice for a proportion of their week and we will facilitate and support this where needed. You will have experience of undergraduate Medical Education and hold a post graduate qualification in Higher Education, such as a PGCert in Medical Education and be a Fellow of the Higher Education Academy.

KEY RESPONSIBILITIES

TEACHING

Support and encourage colleagues in the delivery of teaching in the following areas.

- Support for teaching (including the giving of lectures, seminars and individual supervision of undergraduate dissertation students), on undergraduate and postgraduate programmes.
- Working with the Director of Assessment in to ensure that delivery and assessment echoes current standards and that the assessment type and volume is appropriate for students' programmes of study.
- Working with Director of Assessment to monitor student progress and performance including oversight of setting and marking examinations and carrying out additional assessments as required.
- Taking an active role and support the Teaching Director in the development of new and existing modules and course programmes at both undergraduate and postgraduate levels.

THE ROLE (CONTINUED)

ADMINISTRATION

The School and University provide support for administration; however all academic staff are expected to:

- Undertake appropriate administrative duties to assure quality teaching and research activities as required by the Head of School, Head of Medical Education, teaching director, research director, chair of examiners, admissions director, enterprise and engagement director.
- Contribute to the development of the School and University through relevant committee work.
- Take responsibility for the management and administration of personal contributions to the University's academic activities.
- Be accountable to the relevant budgets.
- Attend Open Days and Visit Days and interview prospective students on a regular basis.
- Undertaking, subject to the agreement of the Head of School and the University as appropriate, external commitments which enhance the reputation of the University.
- Contributing to quality audits and/or assessments in higher education.
- Such other duties at a comparable level of responsibility as may be reasonably requested from time to time by the Head of School, e.g. contribution to School events.
- Contribute to the continuous development and implementation of the School.
- Positively support and promote the University's Values in all aspects of work.
- Abide by all University Regulations and Policies relevant to the role.
- Observe the strict rules of confidentiality applicable to work within the School.

GENERAL

- To promote Enterprise and Engagement at UEA. Enterprise and Engagement incorporates 'knowledge transfer' and comprises academic enterprise and business, community and public engagement, and is normally the use of or development of intellectual capital through an interaction between the University and non-academic sectors.
- Attending School meetings as required and participating in the development of teaching and research within the School.
- Engaging in continuous professional development, for example through participation in relevant staff development programmes.

THE PERSON

EDUCATION AND TRAINING

- Primary Medical qualification (E)
- Post graduate diploma in relevant speciality (E)
- Full and specialist registration with a license to practise with the GMC (E)
- Experience of Healthcare in the NHS (E)
- Post graduate qualification in Medical Education (E)
- PhD / MD (or completion with 6 months of commencing appointment) (D)
- Fellowship of the Higher Education Academy or equivalent qualification (D)

SKILLS, KNOWLEDGE AND EXPERIENCE

- Proven experience of high quality undergraduate and postgraduate teaching in medical education (E)
- Experience of student assessment at all levels including coursework, examinations and dissertations in medical education (E)
- Evidence of leadership of course development and the use of a range of both innovative and traditional pedagogical practices (E)
- Experience of line management (E)

- Ability to provide academic leadership (E)
- Expertise in relevant subject area(s) (E)
- Strong organisational skills; ability to plan and manage own workload, meeting deadlines (E)
- Demonstrable administrative and prioritisation skills with the ability to manage a varied workload in a high paced environment (E)
- Excellent interpersonal skills; ability to quickly establish and maintain good working relationships at all levels (E)
- Strong verbal and written communication skills, with the ability to communicate complex information clearly (E)
- Competent IT skills (E)
- Effective teaching and presentation skills (E)
- Effective use of IT for teaching and learning (E)
- Ability to motivate colleagues (E)
- Ability to use initiative (E)
- Experience of budget management (E)
- Experience of managing enterprise and engagement projects (D)

PERSONAL ATTRIBUTES

- Evidence of transformative leadership (E)

- Demonstrate the UEA Values & behaviours and work with colleagues to embed them within the team (E)
- Willingness to change and develop work practices (E)
- Proactive and self-motivated and willing to take ownership of tasks without close supervision (E)
- Confident, articulate and credible (E)
- Able to maintain confidentiality (E)

SPECIAL CIRCUMSTANCES

- This post is exempt from the Rehabilitation of Offenders Act 1974 and appointment will be subject to a criminal record check at Enhanced level from the Disclosure and Barring Service (E)

Essential Requirements (E) are those, without which, a candidate would not be able to do the job.

Desirable Requirements (D) are those which would be useful for the post holder to possess and will be considered when more than one applicant meets the essential requirements.

FURTHER INFORMATION

The post is available from 1 November 2024 on a part-time (0.6FTE) indefinite basis.

Salary will be £61,142 to £85,973 per annum, pro rata, on the Clinical Academic salary scale.

Relocation expenses are reimbursable under certain conditions.

Place of Work - The University is supporting a hybrid-working pilot of at home and on campus 'hybrid' working for many roles. We encourage discussions about how your working arrangements can be agreed to best balance the needs of the role and your personal circumstances.

The flexibility of the hybrid-working model allows the possibility of some remote working, but it is the expectation that all appointments will be UK based, with any overseas working agreed in advance by exception only.

If successful you will be asked to show evidence of right to work in the UK prior to any formal offer being made. Non-British and non-Irish nationals entering the UK to undertake employment or who are currently in the UK will have to meet eligibility criteria under the points-based immigration system. The University may be able to provide sponsorship under the Skilled Worker route if relevant criteria are met. Please note, due to the complexities of the immigration system, Skilled Worker visa sponsorship is not guaranteed for every role. If you would like further information about whether this role is eligible for visa sponsorship, please contact staff.visacompliance@uea.ac.uk

The post is superannuable under the Universities Superannuation Scheme and there is an annual holiday entitlement of 30 days plus statutory (8 days) and customary (6 days) holidays (pro rata for part-time). The University is committed to creating an environment where the health, welfare and safety of all students and staff is of paramount importance. The University's Safeguarding Policy addresses both child protection and safeguarding children, young people and vulnerable adults within the work of the University. Appointment will be subject to satisfactory pre-employment checks, which may include an Occupational Health assessment and a criminal record check

at Enhanced level from the Disclosure and Barring Service (which you will be required to pay for).

Information on the benefits of working at UEA can be found at <https://www.uea.ac.uk/about/working-at-uea>.

If you require the information contained within this candidate brochure in a different format please email staff.recruitment@uea.ac.uk

HOW TO APPLY

To apply for this vacancy, please follow the online instructions at: <https://vacancies.uea.ac.uk>

The closing date for this role is 11:59pm on Monday 12 August 2024.

Please note that the application form contains an Equal Opportunities section which must be completed. The Equal Opportunities information will not be made available to the selection panel and will not form any part of either the short-listing or decision making process.

It is anticipated that presentations and interviews will take place **week commencing Monday 26 August 2024** and if you have not heard by this date please assume you have not been shortlisted on this occasion.

Reasonable travel and incidental expenses incurred in attending the interview will be reimbursed (please ensure that you keep all receipts). Please note that if you are offered a post and decline the offer, travel and incidental expenses will not be reimbursed.

ABOUT THE SCHOOL

Norwich Medical School (MED) was established at UEA in 2001 and has over 200 members of academic, research and support staff – and a large number of active NHS secondees and honorary appointees from a wide range of disciplines (including medical specialties, clinical psychology and psychological therapies, biological sciences, health economics, epidemiology and medical statistics). In our relatively short history we have established a reputation for exciting and innovative research led teaching supported by a wide-ranging programme of research and team science.

The School has grown significantly with increases in the number of MB BS students as part of the national requirement to increase junior doctor numbers. The School also delivers a large number of Post Graduate programmes which support the NHS workforce, including ClinPsyD, IAPT, EMHP and CAP hosted within a thriving Department of Clinical Psychology and Psychological Therapies which has more than doubled in size. The School also includes a highly regarded Doctoral School supported by the Universities Doctoral College.

The School's research focus is on developing translational research themes that answer important health questions, from an understanding of the basic mechanisms and genetics of disease through mental and psychological health to clinical trials and from there to incorporation into clinical guidelines and evaluation within the broader health care community.

We benefit from being a core part of Norwich Research Park (NRP), which has over 3000 scientists who predominately carry out translational health-related research. NRP includes three BBSRC supported institutes - the Quadram Institute the John Innes Centre and the Earlham Institute, as well as the NNUH. The proximity of NRP partners facilitates close working relationships and cross- fertilisation of research ideas. In addition to the NNUH, the medical school enjoys a strategic partnership with other teaching Trusts: the James Paget University Hospital in Great Yarmouth, Norfolk and Suffolk Foundation NHS Trust in Norwich, Ipswich Hospital and the Queen Elizabeth Hospital, Kings Lynn as well as local Clinical Commissioning Groups (CCGs).

Further information on the School can be found at <https://www.uea.ac.uk/about/norwich-medical-school>

ABOUT THE FACULTY

The Faculty of Medicine and Health Sciences (FMH) is a vibrant community of students and staff engaged in education, continuing professional development, research and enterprise, led by the Pro Vice Chancellor of Medicine and Health Sciences, Professor Charles French-Constant. Our primary focus is on supporting our regional, national and international partners in Health by delivering outstanding education and innovative research.

Teaching is undertaken from Undergraduate, including apprenticeships, through to Postgraduate and Post-Doctoral education and further training through the Faculty's two Schools of study, comprising Health Sciences (HSC) and Norwich Medical School (MED) incorporating Clinical Psychology and Psychological Therapies (CPPT), assisted by the Centre for Inter-professional Practice (CIPP).

The Faculty is engaged in world leading research across four centres: Biomedicine and Mental Health, Healthy Aging, Epidemiology & Health Evaluation, Health and Care Innovation. The centres drive forward research aimed at restoring, sustaining and evaluating health and we have internationally recognised research expertise in cancer, cardiovascular and metabolic disease, psychological health, healthy aging lifestyle and diet, epidemiology, public health, clinical trials, health economics and care research. We have strong links with the Norwich Research Park, comprising the Quadram Institute (QI), the John Innes Centre (JIC), the Earlham Institute (EI) and the Norfolk and Norwich University Hospital NHS Foundation Trust. We are also linked to a wide range of other Health Partners through our Health and Social Care Partners' team and the Citizens Academy, see [http:// www.worldclassnorfolk.com/work/future-science](http://www.worldclassnorfolk.com/work/future-science).

We provide an engaging, collegiate and supportive environment for all of our staff and students. This fosters a culture of compassion and academic rigour which delivers opportunity for inspirational roles in a sector that is pivotal to the Health and Wellbeing of those living in our local area, whilst having national and international impact.

Under the recent Research Excellence Framework (REF2021), FMH performed strongly, with our outputs ranking equal 5th for Clinical Medicine, 11th for Allied Health Professions, Dentistry, Nursing & Pharmacy, and 11th for Psychology, Psychiatry and Neuroscience. Our food researchers were ranked equal 2nd for outputs and equal 1st overall in the UK. UEA overall also made strong gains, ranking 20th of 167 research active Universities in the UK, and 16th overall for the impact of our research.

OUR VALUES

Shaped by staff, our UEA values represent a core set of standards for how we behave as an employer, drive excellence in teaching, learning and research, and collaborate as an anchor institution in our local community.

From tackling global challenges, striving for student and staff success, and creating a vibrant inclusive environment, our values are what unite us.

- ✦ AMBITION
- ✦ COLLABORATION
- ✦ EMPOWERMENT
- ✦ RESPECT

OUR VALUES (CONTINUED)

AMBITION

We are ambitious for our future success.

We are forward-thinking and brave in our approach and decisions. We make space for innovation and creativity, seizing opportunities that are responsible and sustainable. We are ambitious for the advancement of education and research.

COLLABORATION

We are collaborative in our approach.

We work together with shared purpose. We build connections, share ideas and develop new networks. We champion our regional, national and global relationships and demonstrate that together we can achieve greater goals and positively influence the world around us.

EMPOWERMENT

We empower ourselves and each other.

We develop ourselves and others, trusting people to make decisions based on their expertise and knowledge. We continually improve systems and processes to support us in working in an agile and efficient way.

RESPECT

We respect each other.

We treat everyone with respect and dignity. We value diversity and foster a community where people can express different thoughts and views. We are open to challenge, so we can learn and improve. We encourage a positive, inclusive environment where everyone has opportunities to fulfil their potential.

ACCOLADES

- Queen's Anniversary Prizes for Higher and Further Education have been awarded to UEA for international development studies (2009), creative writing (2011) and environmental sciences (2017). Notable alumni include Sir Paul Nurse (1973, Nobel Prize for Medicine 2001), Kazuo Ishiguro (1980, Nobel Prize for Literature 2017), Michael Houghton (1972, Nobel Prize for Medicine 2020) and Sarah Gilbert (1983) who led the Oxford University team to develop a COVID-19 vaccine, approved in 2020.
- Our Doctoral College, established in 2018, hosts six Doctoral Training Partnerships and integrates Faculty and School provision for 1600 Postgraduate Research Students (including those from across the Norwich Research Park), enabling collaboration and innovation.
- We recognise our global impact and were one of the first universities to declare a climate and biodiversity emergency in June 2019. Our sustainable campus, including over 50 acres of environmentally valuable parkland, is constantly evolving with ambitions to be 100% net zero by 2045 or sooner.
- UEA is a University of Sanctuary, an accreditation given to universities that show an ongoing commitment to creating a welcoming culture of inclusivity and awareness.
- UEA was awarded the Silver Athena SWAN Award in 2019, and all our Schools hold awards at Bronze or Silver.

A vibrant place to study, learn and work, UEA is a very special place.

A SUSTAINABLE UNIVERSITY

At UEA, we are now working to create a university that will be even better in the future, and we are working to achieve net zero carbon by 2045 (or earlier). Our Sustainable Ways vision is one of a resilient university – where consumption is efficient and self-generated energy supports low carbon goals, supported by a vibrant community of world-leading researchers and inspired graduates.

At a basic level, our sustainable development means that we try to balance the ‘three pillars’ of environmental, economic and social elements.

We challenge our environmental impact through on-site energy generation and a district heating and cooling network, reducing our reliance on grid electricity and therefore fossil fuels. We promote and use recycled and ‘eco’ products such as biological cleaning materials. We champion local suppliers and ethical causes, including Fairtrade and vegan products. We seek to ensure value for money in a holistic, whole-life costing sense in our new buildings and procurement contracts.

OUR INITIATIVES

Central campaigns, such as holiday shut-downs or awareness day events, support a whole-University approach to energy saving and other initiatives.

Follow us on Twitter [@SustainableUEA](https://twitter.com/SustainableUEA)

OUR CAMPUS

UEA is based on a campus that provides top quality academic, social and cultural facilities to over 17,000 students.

Although located in 320 acres of rolling parkland, virtually no part of the campus is more than a few minutes' walk from anywhere else, so everything is close at hand – the library, nursery, health centre, supermarket (incorporating a post office), banking facilities and restaurants. Amongst the striking buildings is the UEA's Sainsbury Centre for Visual Arts, which contains the Robert and Lisa Sainsbury Collection – one of the greatest art collections formed in Europe during the 20th Century.

The University has invested in new learning and teaching and research spaces, including a celebrated new Enterprise Centre that underpins its commitment to promoting student enterprise and entrepreneurship.

Sport and Recreation plays a major part in the life of the University of East Anglia, centred around the major Sportspark facility which is one of the most successful community sport facilities in the UK. This accessible and affordable facility provides a diverse range of activities, and incorporates a 50m Olympic size swimming pool, indoor climbing wall, coaching resource centre and sports injury clinic.

NORWICH

A CITY OF STORIES

The city's motto is 'A fine city' and its strong cultural heritage has seen Norwich maintain the best of its historical character whilst developing to become one of the most vibrant and attractive cities in Europe. Norwich offers miles of riverside walks and cycle ways, and a unique collection of 1930's parks. The city is surrounded by beautiful countryside and within easy reach of the stunning Norfolk coast.

Norwich is a UNESCO World city of Literature, the first in the UK, as well as being one of the newly named Tech Cities recognising the growth of digital businesses in the region. The most prominent high-rise building, apart from the castle, is the magnificent 11th century cathedral, which still dominates the skyline. The city's medieval centre of cobbled streets remains largely intact, but there is still space for modern buildings such as the city's centrepiece, the Forum, which is a striking piece of contemporary architecture. The glass front overlooks the colourful open-air market (one of the largest in the country) and reflects the city in all its diversity.

The city is consistently rated as one of the top ten shopping venues in the UK. Norfolk and Suffolk attract thousands of visitors each summer. The famous Norfolk Broads are among the most important wetlands in Europe and a haven for rare plants, wildlife and insects. The Broads attract holidaymakers who come to navigate the intricate natural network of waterways formed by the Rivers Bure, Yare and Waveney and their tributaries.

For further information about UEA's excellent facilities, staff benefits, picturesque campus and the UEA working environment, please visit the 'Careers at UEA' microsite <https://www.uea.ac.uk/about/working-at-uea>. Additional information about living and working in the city of Norwich can be found at <https://www.workinnorwich.co.uk/>

If there is another city in the United Kingdom with a school of painters named after it, a matchless modern art gallery, a university with a reputation for literary excellence which can boast Booker Prize-winning alumni, one of the grandest Romanesque cathedrals in the world, an extraordinary new state-of-the-art public library then I have yet to hear of it. Norwich is a fine city. None finer.

STEPHEN FRY

LOCATION

Some cities you've heard of, others you have to discover. Norwich is one of the most beautiful, modern historic cities in Britain. It's a city that celebrates the independent, stimulates creativity, promotes change and encourages diversity.

UEA is a campus university located 3 miles from the centre of Norwich. Situated in the heart of Norfolk, which means it's an ideal location to explore Norwich and beyond.
