# WHAT MAKES UEA SO SPECIAL?

The University of East Anglia is a publicly funded major UK research and teaching university. It was built to embody a radical new vision for higher education, where interdisciplinarity is crucial and excellence in both research and teaching is valued. UEA consistently ranks within the top quarter of universities in the UK for the quality of research and teaching.

As a major regional employer and cultural centre, we take our regional civic responsibilities very seriously and have kept our sights on the people and place we call home. In fact, we launched our University Civic Charter in October 2023; created from in-depth community engagement, renewing our commitment to the region as part of our 60th anniversary.

There are many things which make UEA special, not least of which is the community of staff and students that work and study here. UEA includes three Nobel prize winners, including Sir Paul Nurse and Sir Michael Houghton, and many fellows of the Royal Society and British Academy amongst our alumni and current staff.

Our campus is home to Sir Denys Lasdun's iconic brutalist architecture set in hundreds of acres of beautiful country park that includes a large broad (lake). In the spirit of Lasdun's ambition to inspire an anatomy of ideas, today, UEA is tackling some of the key challenges of the changing world. UEA's research combines disciplines and breaks new boundaries across its priority

research themes of climate, creative and health.

UEA is the place where global warming was first documented. Since the 1970s, UEA's Climatic Research Unit, and more recently Tyndall Centre for Climate Change (Headquarters hosted at UEA), have played a pivotal role in developing temperature records and climate models, contributing to the understanding of climate change, and informing global policy. Many UEA scientists have played significant roles in the Intergovernmental Panel for Climate Change (IPCC), which was jointly awarded the 2007 Nobel Peace Prize for its efforts to increase public knowledge of anthropogenic climate change. Environmental Science and Global Studies at UEA continue to be a major powerhouse for research and teaching.

UEA is widely regarded as a pioneer in creative writing, having established the UK's first Creative Writing Masters programme in 1970. This renowned programme has since attracted and produced numerous successful writers, including Booker Prize winners such as Ian McEwan and Anne Enright, and Nobel Prize Winner Kazuo Ishiguro. In recent years, UEA academics have played a pivotal role in the discovery and presentation of the Gloucester Royal shipwreck (Norfolk's Mary Rose). Our iconic Sainsbury Centre for Visual Arts is a major museum and arts research facility.

Health research at UEA not only embraces the Faculty of Medicine and Health but draws in research from both social and natural sciences. Research under this theme has made major contributions in the fields of healthy ageing, epidemiology and involving citizens (via our innovative Citizens' Academy) in improving health care outcomes. This theme benefits from close association with the other major research institutes on the Norwich Research Park; notably the Norfolk and Norwich University Hospital and the Quadram Institute. The Norwich Cancer Research Network, and Norfolk Institute for Healthy Ageing, are examples of key mechanisms for delivery of real impact from health research at UEA.

UEA has been a major success over the last 60 years and looks forward with confidence to the next 60 years.

For an informal discussion about the post please contact Alison Boucher, Head of Reward and Career Enablement and Performance via [a.boucher@uea.ac.uk](mailto:a.boucher@uea.ac.uk) or Fay Tooke, Reward Partner via [f.tooke@uea.ac.uk](mailto:f.tooke@uea.ac.uk)

## UEA is part of the Norwich Research Park

Norwich Research Park (NRP) membership locates UEA in one of the largest concentrations of research institutes in the whole of Europe – four independent internationally-renowned research institutes: John Innes Centre, Quadram Institute, Earlham Institute and The Sainsbury Laboratory; with the University of East Anglia and Norfolk and Norwich University Hospitals NHS Foundation Trust, supported and funded by The John Innes Foundation, The Gatsby Foundation, and UKRI Biotechnology and Biological Sciences Research Council.

The NRP provides an ideal environment for collaborative use of infrastructure and facilities, with a single portal for academics and businesses to access the specialist facilities across the Park.

The Enterprise Centre is a regional business, knowledge and innovation hub, with workspace provision and supports over 80 businesses working alongside UEA staff and students in a dynamic and vibrant entrepreneurial community. On the wider NRP, there are dedicated laboratory and office spaces in the Innovation Centre and Centrum hosting over 600 staff within a total of 115 businesses and spinouts.

# THE ROLE

## JOB PURPOSE

Provide responsive, customer focused administrative support to the University's career enablement and remuneration processes.

## KEY RESPONSIBILITIES

### GENERAL

- Undertake routine administrative tasks to support the University's pay, reward and recognition, and career enablement processes, including:
  - Monitoring and responding to queries received in the central Reward and Career Enablement email inbox, liaising with colleagues within the team on more complex issues where required.
  - Undertaking basic editorial and presentational work on documents, preparing and/or finalising letters, presentations, papers, reports, and minutes including confidential items.
  - Assisting with updates to the department web pages and drafting internal communications.
- Support the team with the preparation of reward and career enablement related data in an agreed format ready for circulation to relevant University departments.
- Maintain Reward and Career Enablement electronic filing systems, ensuring that these are operating efficiently and effectively, and bringing forward proposals for change/improvements to the Reward Partner and/or the Career Enablement Partner and Head of Reward and Career Enablement.
- Provide administrative support to progress tasks relating to reward and career enablement related projects and wider service led initiatives.
- Develop a working knowledge of the University's career enablement and

remuneration processes to enable signposting of information.

### RENUMERATION TASKS AND ACTIVITIES:

- Assist with the planning and scheduling of the annual cycle of promotion and remuneration committees, including: producing committee minutes, communications and associated documents; preparing and uploading documents to relevant internal systems; diarising and monitoring committee follow-up actions.
- Provide administrative support to the implementation of the annual national pay award and National Living Wage increases, including preparing and sending standard letters; uploading letters to the HR electronic filing system; and assisting with updates to pay scales and webpages.
- Carry out administration linked to current staff benefits (e.g. Cycle to Work, Employee Discounts, Employee Hardship Loans, Long Service Awards, Eye Tests):
  - Long Service Awards – support the delivery of the staff Long Service Award event, including sending event invitations, organising room bookings and catering.
  - Employee Hardship Loans - work with the Reward and Career Enablement Adviser to circulate Loan requests to the decision-making panel, draft Loan Agreements, and liaising with the Finance/Payroll Teams to facilitate payments.
  - Eye Tests – issue staff eye care vouchers and respond to general queries.
  - Cycle to Work/Employee Discounts – assist the Reward and Career Enablement Advisor with uploading starter and leaver reports to the Vivup portal and responding to general queries.

## THE ROLE (CONTINUED)

### CAREER ENABLEMENT TASKS AND ACTIVITIES:

- Carry out adhoc routine administration of the Cornerstone digital performance and development system, as delegated by the Head of Reward and Career Enablement/Career Enablement Partner.
- Prepare and circulate academic probation reminder memos.
- Provide administrative support to other career enablement initiatives as they develop.

### OTHER TEAM ACTIVITIES:

- Administration and monitoring of Honorary and Emeritus appointments, including preparing and issuing letters, monitoring renewals.
- Undertake administrative processes to support Employer Supported Volunteering, dealing with routine queries and producing adhoc reports, where requested.
- Assisting with preparing and circulating the departmental Desk Booking spreadsheet.
- Assisting the Reward and Career Enablement Adviser with maintaining the PCD portal pictures and webpages.

### OTHER:

- Contribute to the continuous development and implementation of the service.
- Positively support and promote the University's Values in all aspects of work.

The Reward and Career Enablement Team is expected to evolve as strategies and projects develop. The role holder must therefore be willing to carry out any other duties appropriate to the grade across the service, including the Resourcing Team and HR Service Team, when required.

# FURTHER INFORMATION

This is a part-time (0.6 FTE) post is available immediately on an indefinite basis.

Salary will be £24,685 to £26,093 per annum, pro rata on Grade 4 on the single salary spine.

Place of Work - The University is strongly committed to providing an excellent student experience and research environment, and it is expected that all staff will be available on campus to carry out their duties during their working week in support of these goals. We have a hybrid-working policy which supports a mix of at home and on campus 'hybrid' working for many roles. For the majority of hybrid roles, the expectation is a minimum of 60% of working time will be spent physically present in the workplace.

The flexibility of the hybrid-working policy allows the possibility of some remote working, but it is the expectation that all appointments will be UK based, with any overseas working agreed in advance by exception only.

This vacancy is not eligible for sponsorship. The successful candidate must hold or obtain permission to work in the UK, which would allow them to take up this post.

The post is superannuable under the Group Personal Pension and there is an annual holiday entitlement of 20 days plus statutory (8 days) and customary (6 days) holidays, pro rata for part-time. The University is committed to creating an environment where the health, welfare and safety of all students and staff is of paramount importance. The University's Safeguarding Policy addresses both child protection and safeguarding children, young people and vulnerable adults within the work of the University. Appointment will be subject to satisfactory pre-employment checks, which may include an Occupational Health assessment.

Information on the benefits of working at UEA can be found at <https://www.uea.ac.uk/about/working-at-uea>.

If you require the information contained within this candidate brochure in a different format please email [staff.recruitment@uea.ac.uk](mailto:staff.recruitment@uea.ac.uk)

## HOW TO APPLY

To apply for this vacancy, please follow the online instructions at: <https://vacancies.uea.ac.uk>

Please note the job advert for this post will close once we receive sufficient applications from suitable candidates. We therefore recommend you apply as soon as possible. Your completed application will be reviewed once received and interviews will take place on campus on 17 December 2025 and successful candidates will be notified via email of the interview time and details.

Candidates should note that travel and incidental expenses incurred in attending an in-person interview will not be reimbursed.

# ABOUT THE DIVISION

We established our new People and Culture Division following a major transformation of HR activities at the end of 2020, with the implementation of the full structure in April 2021. As part of the transformation, the University invested in a number of new roles, essential to the success of our new HR service, which is based on a Business Partnering model supported by 'centres of expertise' including Human Resources Services, Organisational Development and a Business Partnering Team.

Human Resources Services leads all HR Operational and Reward and Career Enablement activity and our customer focussed HR Service Team is the first point of contact for any HR related queries from the University Community. The HR Data and Analytics Team provide statistical data and analysis to support policy development and decision making, and ensure the delivery of our statutory statistical returns, as well as supporting the development, management and maintenance of current and new HR Systems.

The Organisational Development Service provides specialist, expert advice in all aspects of organisational change and development, including the development of organisational culture, leadership, engagement, learning, equality, diversity & inclusion and talent management.

The Business Partnering Team works across the University to support the leadership and management of the people agenda. The team acts as the trusted advisor and strategic partner in all matters related to employing and managing people, taking responsibility for day-to-day HR operational issues and connecting these to wider strategic objectives.

## OUR VALUES

Shaped by staff, our UEA values represent a core set of standards for how we behave as an employer, drive excellence in teaching, learning and research, and collaborate as an anchor institution in our local community.

From tackling global challenges, striving for student and staff success, and creating a vibrant inclusive environment, our values are what unite us.

- ✦ AMBITION
- ✦ COLLABORATION
- ✦ EMPOWERMENT
- ✦ RESPECT

## AMBITION

We are ambitious for our future success.

We are forward-thinking and brave in our approach and decisions. We make space for innovation and creativity, seizing opportunities that are responsible and sustainable. We are ambitious for the advancement of education and research.

## COLLABORATION

We are collaborative in our approach.

We work together with shared purpose. We build connections, share ideas and develop new networks. We champion our regional, national and global relationships and demonstrate that together we can achieve greater goals and positively influence the world around us.

## EMPOWERMENT

We empower ourselves and each other.

We develop ourselves and others, trusting people to make decisions based on their expertise and knowledge. We continually improve systems and processes to support us in working in an agile and efficient way.

## RESPECT

We respect each other.

We treat everyone with respect and dignity. We value diversity and foster a community where people can express different thoughts and views. We are open to challenge, so we can learn and improve. We encourage a positive, inclusive environment where everyone has opportunities to fulfil their potential.

# ACCOLADES

- Queen's Anniversary Prizes for Higher and Further Education have been awarded to UEA for international development studies (2009), creative writing (2011) and environmental sciences (2017). Notable alumni include Sir Paul Nurse (1973, Nobel Prize for Medicine 2001), Kazuo Ishiguro (1980, Nobel Prize for Literature 2017), Michael Houghton (1972, Nobel Prize for Medicine 2020) and Sarah Gilbert (1983) who led the Oxford University team to develop a COVID-19 vaccine, approved in 2020.
- Our Doctoral College, established in 2018, hosts six Doctoral Training Partnerships and integrates Faculty and School provision for 1600 Postgraduate Research Students (including those from across the Norwich Research Park), enabling collaboration and innovation.
- We recognise our global impact and were one of the first universities to declare a climate and biodiversity emergency in June 2019. Our sustainable campus, including over 50 acres of environmentally valuable parkland, is constantly evolving with ambitions to be 100% net zero by 2045 or sooner.
- UEA is a University of Sanctuary, an accreditation given to universities that show an ongoing commitment to creating a welcoming culture of inclusivity and awareness.
- UEA was awarded the Silver Athena SWAN Award in 2019, and all our Schools hold awards at Bronze or Silver.

A vibrant place to study, learn and work, UEA is a very special place.

# A SUSTAINABLE UNIVERSITY

At UEA, we are now working to create a university that will be even better in the future, and we are working to achieve net zero carbon by 2045 (or earlier). Our Sustainable Ways vision is one of a resilient university – where consumption is efficient and self-generated energy supports low carbon goals, supported by a vibrant community of world-leading researchers and inspired graduates.

At a basic level, our sustainable development means that we try to balance the 'three pillars' of environmental, economic and social elements.

We challenge our environmental impact through on-site energy generation and a district heating and cooling network, reducing our reliance on grid electricity and therefore fossil fuels. We promote and use recycled and 'eco' products such as biological cleaning materials. We champion local suppliers and ethical causes, including Fairtrade and vegan products. We seek to ensure value for money in a holistic, whole-life costing sense in our new buildings and procurement contracts.

## OUR INITIATIVES

Central campaigns, such as holiday shut-downs or awareness day events, support a whole-University approach to energy saving and other initiatives.

# OUR CAMPUS

UEA is based on a campus that provides top quality academic, social and cultural facilities to over 17,000 students.

Although located in 320 acres of rolling parkland, virtually no part of the campus is more than a few minutes' walk from anywhere else, so everything is close at hand – the library, nursery, health centre, supermarket (incorporating a post office), banking facilities and restaurants. Amongst the striking buildings is the UEA's Sainsbury Centre for Visual Arts, which contains the Robert and Lisa Sainsbury Collection – one of the greatest art collections formed in Europe during the 20th Century.

The University has invested in new learning and teaching and research spaces, including a celebrated new Enterprise Centre that underpins its commitment to promoting student enterprise and entrepreneurship.

Sport and Recreation plays a major part in the life of the University of East Anglia, centred around the major Sportspark facility which is one of the most successful community sport facilities in the UK. This accessible and affordable facility provides a diverse range of activities, and incorporates a 50m Olympic size swimming pool, indoor climbing wall, coaching resource centre and sports injury clinic.

# NORWICH

## A CITY OF STORIES

The city's motto is 'A fine city' and its strong cultural heritage has seen Norwich maintain the best of its historical character whilst developing to become one of the most vibrant and attractive cities in Europe. Norwich offers miles of riverside walks and cycle ways, and a unique collection of 1930's parks. The city is surrounded by beautiful countryside and within easy reach of the stunning Norfolk coast.

Norwich is a UNESCO World city of Literature, the first in the UK, as well as being one of the newly named Tech Cities recognising the growth of digital businesses in the region. The most prominent high-rise building, apart from the castle, is the magnificent 11th century cathedral, which still dominates the skyline. The city's medieval centre of cobbled streets remains largely intact, but there is still space for modern buildings such as the city's centrepiece, the Forum, which is a striking piece of contemporary architecture. The glass front overlooks the colourful open-air market (one of the largest in the country) and reflects the city in all its diversity.

The city is consistently rated as one of the top ten shopping venues in the UK. Norfolk and Suffolk attract thousands of visitors each summer. The famous Norfolk Broads are among the most important wetlands in Europe and a haven for rare plants, wildlife and insects. The Broads attract holidaymakers who come to navigate the intricate natural network of waterways formed by the Rivers Bure, Yare and Waveney and their tributaries.

For further information about UEA's excellent facilities, staff benefits, picturesque campus and the UEA working environment, please visit the 'Careers at UEA' microsite <https://www.uea.ac.uk/about/working-at-uea>. Additional information about living and working in the city of Norwich can be found at <https://www.workinnorwich.co.uk/>

*If there is another city in the United Kingdom with a school of painters named after it, a matchless modern art gallery, a university with a reputation for literary excellence which can boast Booker Prize-winning alumni, one of the grandest Romanesque cathedrals in the world, an extraordinary new state-of-the-art public library then I have yet to hear of it. Norwich is a fine city. None finer.*
